• Why making a difference is not just for activists
• Why working for an NGO is not inherently good
• How acting locally is most effective and fulfilling
• The importance of small steps over grand plans

• Why we might consider becoming a generalist over a specialist
• Why businesses should foster community
• How to take a "radical sabbatical" & make a drastic career change
• What philosophy can teach us about career change
• How we need to rethink "having it all"
