# How to Download a DRC to a Computer

Go to Edelweiss and select the book you wish to download.

You will see a message like this:

---

# How to Download a DRC to a Computer

If you do not already have Adobe Digital Editions software, click on the link in the message box to download the free software. There are versions for both PCs and Macs.

You will be asked if you want to Authorize Computer. Select this option. If you already have an Adobe ID, enter it here (you may have one if you have read ebooks on another computer or mobile device before). Otherwise, click the link in that box to get an Adobe ID online and enter your Adobe ID here to authorize your computer.

Once you have fully installed Adobe Digital Editions, switch back to Edelweiss, and click the Continue button on the Edelweiss box. Click OK for the file to be opened with Adobe Digital Editions. Adobe Digital Editions will open, and you can navigate and read the book from here.

# How to Download a DRC to a Kindle

In order to download an Edelweiss Digital Review Copy to your Kindle, you will need to first go to your Kindle Settings in Amazon. Add the Edelweiss kindle email address as one of your approved emailers. To do this:

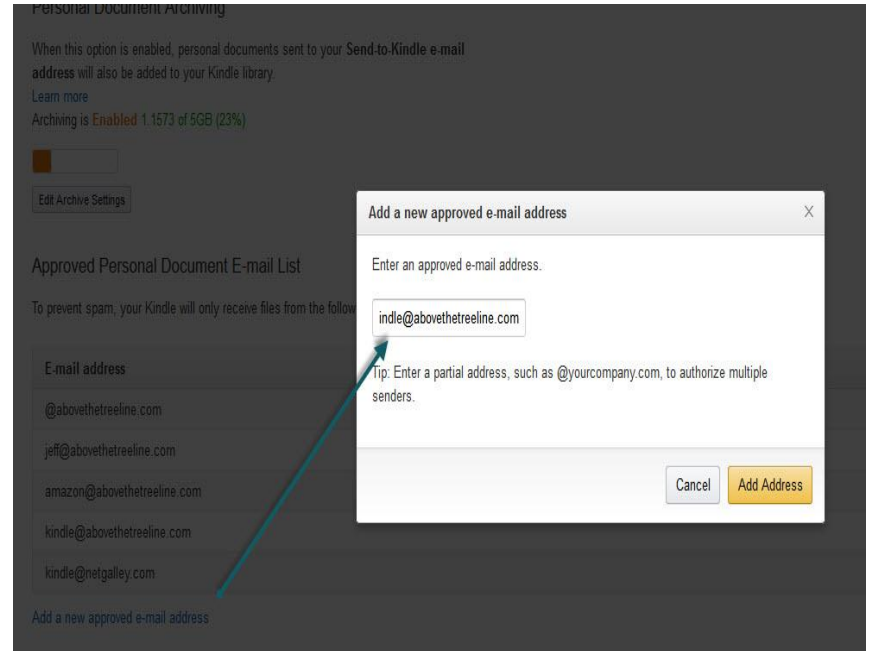

Go to 'Your Content and Devices' on Amazon. Or from the homepage, hover over Account & Lists in the upper right, then click on Your Content and Devices

Then select the Preferences tab (on the top)

Scroll down to the Approved Personal Document E-mail List and select Add a new approved email address.

Add `kindle@abovethetreeline.com` as an approved sender.

This will bring you to this box, where you should select Kindle.

If you already followed the initial setup steps at the beginning of these instructions, you just need to enter your Kindle's email address and select a download method.

Select the format you would like to download:

☐ Standard - Most devices (e.g. PC, Nook, iPad, iPhone, Android, Sony eReader)

☒ Kindle (Device only)

☒ Set this as my preferred format for future downloads.

# Downloading a DRC to an iPad or iPhone

You'll need to download Aldiko on your device from the Apple store. You'll also need to make sure that you've authorized the app for Adobe Digital Editions by entering your Adobe ID.

You can browse Edelweiss+ for review copies to download directly or click the Download button in an approval email.

When you download the digital review copy to your device, you'll select to "Copy to Aldiko." Then the book will be accessible on your Bookshelf within Aldiko!

---

---

# Using Aldiko Book Reader: Step-by-step Instructions

Visit the Apple Store and download the free Aldiko Book Reader app.

Once downloaded, open the Aldiko Book Reader app on your device. You can login with your email, Facebook, or Google account.

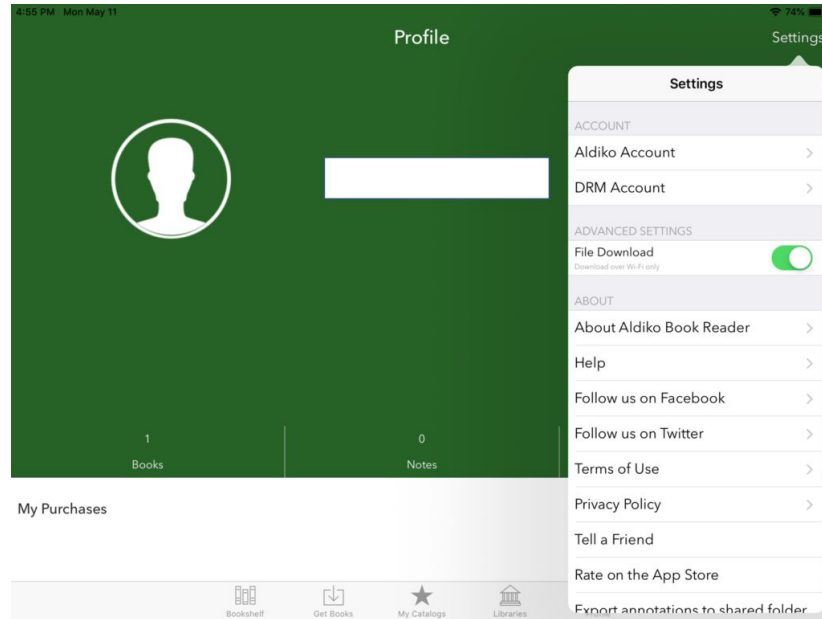

You'll also need to connect your Adobe ID so that you can access review copies with secure DRM. For some users, Aldiko may prompt you to authorize the app for Adobe Digital Editions, and you'll just follow the steps.

---

---

# Using Aldiko Book Reader: Step-by-step Instructions

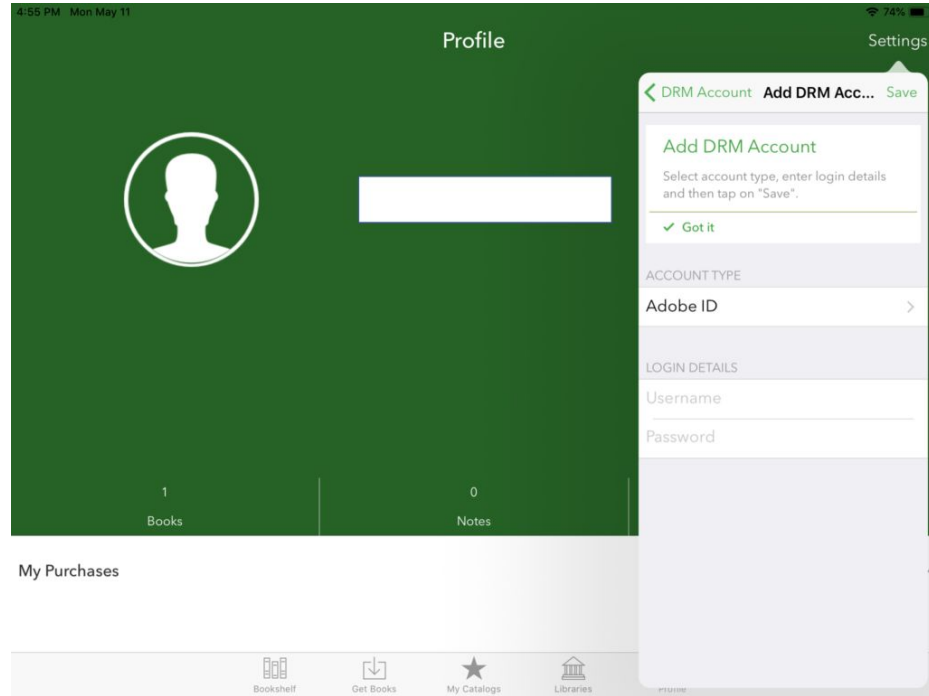

If Aldiko does NOT prompt you to authorize Adobe, you still need to do so. In Aldiko, click Profile and then click Settings in the top right corner. Then click DRM Account.

# Using Aldiko Book Reader: Step-by-step Instructions

From here, click Add, and then under Add DRM Account, it should list Adobe ID as the default. Add your Adobe login details below and click Save!

---

# Using Aldiko Book Reader: Step-by-step Instructions

Go to [edelweiss.plus](https://edelweiss.plus) on your device's web browser to discover a review copy you're excited to read. Or, if you have an email from a publisher granting you access to a particular digital review copy, just click on the Download button from your device's email.

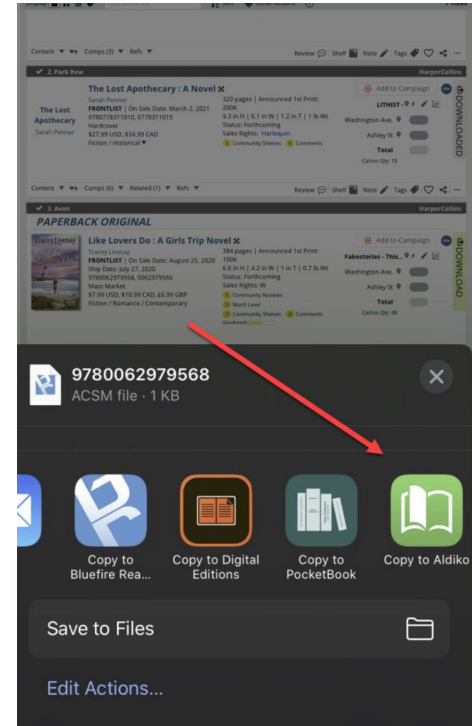

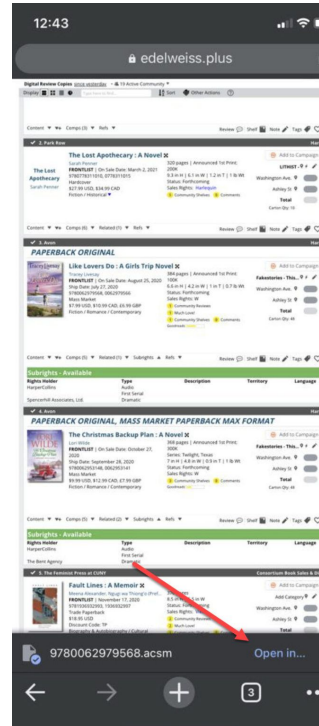

When you click to Download a review copy in Edelweiss+, a dialogue box will appear with a message reminding you that you are receiving a protected file. Make sure that you have the Standard Format selected instead of Kindle.

---

# Using Aldiko Book Reader: Step-by-step Instructions

If you're using Chrome, you'll see a download option appear, asking what program you'd like to use to open this file. Click "Open in..." –

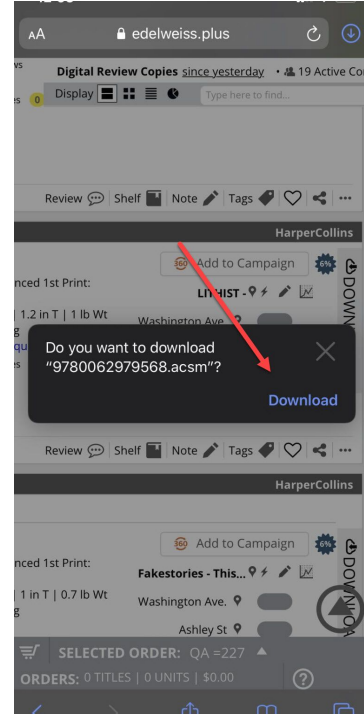

In the next screen, select "Copy to Aldiko:"

---

# Using Aldiko Book Reader: Step-by-step Instructions

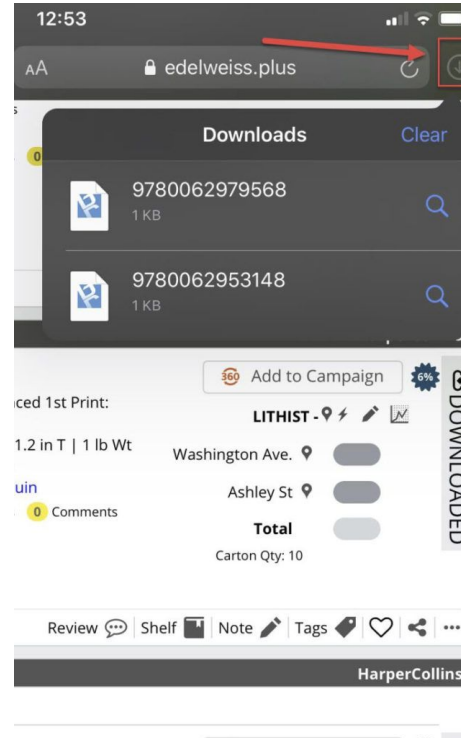

If you're using Safari, after you click Download in Edelweiss+, you'll be asked if you do, in fact, want to download this file. Click Download.

## Downloading a DRC to an Android Tablet or Smartphone

Download Aldiko app on your device from wherever you acquire apps on your device

Authorize the app for Adobe Digital Editions by entering your Adobe ID

Browse Edelweiss directly on your device and find the book you plan to download

Download the digital review copy to your device, and it will open in the reader automatically

# Downloading a DRC to a Nook, Sony Reader, or Kobo

Adobe Digital Editions allows you to transfer items from your library to your digital reader device. You will need to download the file to your computer, using Adobe Digital Editions, and then connect your digital reader to the computer, and launch Digital Editions to begin the transfer of the file to your device.

Connect your device to your computer and launch Digital Editions. Digital Editions automatically detects the presence of your digital reader and offers to authorize it with your Adobe ID. Both Digital Editions and the device must be authorized to be able to transfer protected content to and from the device. Unprotected content can be transferred to and from the device without authorizing either the device or Digital Editions, but Adobe strongly advises authorizing Digital Editions as it gives you content portability for your protected books.

You can read books that are on your digital device or your own computer. Before ejecting your device, go ahead and confirm the transferred titles appeared.

**Harper Voyager Trade Paperback Original**

The second novel in Ausma Zehanat Khan's powerful epic fantasy quartet, a series that lies "somewhere between N. K. Jemisin and George R. R. Martin" (Saladin Ahmed), in which a powerful band of women must use their magic to defeat an oppressive dark regime

To fight against the cruel and superstitious patriarchy known as the Talisman, members of the resistance group known as the Companions of Hira have risked their lives in a failed attempt to procure the *Bloodprint*—a dangerous text that may hold the secret to overthrowing the terrifying regime. Now, with their plans in ashes, the Companions of Hira have scattered, and the lives of two brave women at the center of the plot—Arian and Sinnia—face unprecedented danger.

Yet a spark of hope flickers in the darkness—the *Bloodprint* has survived. It is hidden in Ashfall, the seat of Rukh, the Black Khan, whose court is ruled by intrigue and conspiracy. Treacherous enemies ruthlessly maneuver for power behind the throne, including the autocratic Grand Vizier; the deadly and secretive Assassin; the Khan's deposed half-brother; and the commander of Ashfall's army, who is also Rukh's oldest friend.

The Companions of Hira must somehow reunite, break through Talisman lines, and infiltrate Ashfall. A master of treachery himself

# Writing Reviews

Sharing with your colleagues, friends and Communities are separate from Nominating titles for lists like IndieNext, Libro.FM, etc. So, you can share a review without nominating a title, or you can nominate a title for IndieNext, for example, without sharing that review with your Communities. Choosing to send your review to the publisher will make that review visible to people associated with that publisher, including publicity, sales reps, etc. They may use your review in their marketing efforts. Nominating your review for IndieNext will send your review right to the ABA, who will count it as an IndieNext nomination for a title, and may select your review in the IndieNext newsletter, website, and other marketing materials.
